# Configure your OptixPanel and controller bundle

For a limited time, if you purchase a selected OptixPanel™ and Compact GuardLogix Controller, you'll receive a 35% off discount.\*

## All-in-one hardware and software solution:

- Integrated motion and safety over EtherNet/IP
- Increased security with a certified controller in the most robust OT Cybersecurity Standard (IEC/ISA 62443)
- HMI terminal ready to run with a locked down system
- Remote maintenance
- Alternative communications (OPC UA, MQTT, 3rd party driver support)

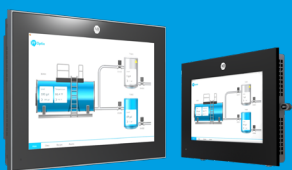

**35% off**  
**hardware**  
**price list**

\*Available for selected customers (OEM, SI)

## Step 1

OptixPanel

OptixPanel graphic terminals integrate with FactoryTalk® Optix™ and Remote Access software, allowing cloud-based access to process data leveraging communication standards like OPC UA and MQTT.

## Step 2

Compact GuardLogix® Controller

CompactLogix 5380 controllers provide higher performance, increased capacity, improved productivity and enhanced security to help meet the growing demands of smart machines and equipment for manufacturing.

## Free

Optix development environment  
light and remote access runtime  
software for no charge

FactoryTalk Optix enables users to design, test and deploy applications directly from a web browser to achieve new levels of collaboration, scalability and interoperability in optimizing automation and IoT systems, without paying for things you don't need. Optix development light and Optix Runtime are included.

The FactoryTalk® Remote Access™ solution enables secure connectivity to remote devices and applications as an alternative to in-person, local support. Remote Access Runtime are included.

## Step 1 Select your OptixPanel

### OptixPanel™ Compact:

- Small formats starting from 4.3" LCD
- More cost-effective
- Single-touch resistive or multitouch PCAP screens
- Includes:
  - FactoryTalk® Optix™ Runtime Small
  - FactoryTalk® Remote Access™ Runtime Basic License
- Optional license upgrade (not included in bundle)
- FactoryTalk® Optix™ Runtime (License size: S/M)

### OptixPanel™ Standard:

- High-end performance
- Four types of bezels available - three with resistive touch, one with PCAP touch screen
- Stainless-steel IP69K hygienic bezel available
- Ten LCD sizes
- Four sizes in 4:3 aspect ratio
- Six sizes in widescreen
- ATEX certified configurations available
- Includes:
  - FactoryTalk® Optix™ Runtime Medium
  - FactoryTalk® Remote Access™ Runtime Pro
- Optional license upgrade (not included in bundle)
- FactoryTalk® Optix™ Runtime (License size: M/L)

Brandless units available for all product versions

## Step 2 Select your bundle part number

NHP item number	OptixPanel						Compact GuardLogix5380 safety controller, SIL2
